Kudzu 104.9 is a classic country radio station with a big presence. We are a **tri-state** station covering Northwest AL, Southern TN and Northeast MS. Kudzu has been playing a refreshing blend of recognizable artists and time-tested songs that most other Country stations stopped playing years ago—making us the freshest sounding station on the dial. Kudzu has a large and loyal audience who go where they are invited. **Millennials love us as much as their Baby Boomer grandparents!**
